

The Children's Oral Health Institute

2012 Raffle Fundraiser

Help support The Children's Oral Health Institute by purchasing raffle tickets for any of the prizes listed below. The drawing will be held on June 30, 2012. You can purchase raffle tickets for \$25.00 each online at http://mycohi.org/support_mcohi.html through our PayPal account or mail a check to our treasurer, Veronique Johnson at 9199 Reisterstown Rd., Suite 203A, Owings Mills, MD 21117. Please make checks payable to The Children's Oral Health Institute. For any questions email Dr. Winifred J. Booker at [wbcohi@aol.com](mailto:wbcuhi@aol.com).

Shofu Prize Pack

Value: \$2,500.00

Quantity: 1

Description:

- 4 - OneGloss[®] PS –Assorted Packs (50 pieces ea.)- provides the ideal finish to all composite restorations with a plastic shank.
 - Aluminum oxide polishers are mounted on sturdy plastic mandrels
 - Disposable and individually wrapped
 - Durable enough to withstand polishing an entire arch
 - Use OneGloss PS for: composites, temporary crowns, removal of orthodontic cements and removal of stains from enamel
- 4 - T & F Hybrid[®] Points Kits (Diamond Points) – for finishing of enamel, porcelain and composites.
- 4 - MonoCem[®] Self -Adhesive Resin Cement Kits (Translucent)– includes (2) 3.5g Translucent syringe, 15 applicator tips, 2 OneGloss PS Midi Point polishers
 - New and improved – 3 minute setting time
 - Bonds to all substrates with high retention values
 - Eliminates sensitivity and has high fluoride release
 - Moisture tolerant and two second tack cure for easy clean-up
 - Dual cure
 - 100% polymerization
 - Very low film thickness (12µm)
- 5 - Super-Snap[®] Rainbow Technique Kits-for finishing and polishing composite restorations. Includes 100 standard disks, 80 mini disks, 40 polystrips, 2 Dura-White Stones (shapes CN1 and FL2), CompoSite Fine Midi-Point, 4 CA metal mandrels arranged in a semicircular rainbow organizer tray.
 - Super-Snap is designed for easy, fast and safe contouring, finishing and polishing of all microfilled and hybrid composites.
 - Elastic silicone shank mount for easy placement of the disk onto the mandrel
 - Manufactured without a metal center
 - Very flexible, ultra-thin disks allow easy access to interproximal areas
 - Two sizes – four grits (silicon carbide and aluminum oxide)
 - **Use Super-Snap for:** composites
- 1- BEAUTIFIL II 6 Color Set – light cure fluoride releasing dental restorative material. Includes (6) 4.5g syringes in A2, A3, A3.5, B2, A30, INC; Dura-White Stone, Super-Snap Singles, OneGloss Trial Set, paper pad
 - A fluoride releasing, highly aesthetic dental material for all classes of restorations.

- Eight-year University of Florida clinical study showed no failures, no post-operative sensitivity and high retention of color match and luster
- S-PRG (Surface Pre-reacted Glass Ionomer) technology – ability to recharge fluoride
- Appropriate for patients with a high caries index
- Excellent fluorescence and light diversifying aesthetics
- Eliminates shade variations associated with polymerization
- High level of radiopacity Enamel-like surface hardness
- 1-BEAUTIFIL II Tips 6 Color Set – includes 6 tip colors (0.25g x 120 tips) in A2, A3, A3.5, B2, A30, INC; Dura-White Stone, Super-Snap Singles, OneGloss Trial Set, paper pad.
- 2 boxes – BEAUTIFIL II Tips-A3 (20 Tips)
- 2 boxes – BEAUTIFIL II Tips-A2 (20 Tips)

Adec Synea TA-97 LED+ High-speed Handpiece Plus Roto Quick
Value: \$1,867.00

Quantity: 1

Description: By combining the most advanced LED and handheld comfort, the A-dec|W&H Synea collection gives you all the vision, illumination and maneuverability you'll ever need. You want trouble-free options? Synea LED+ gives you dependable performance to make your life easier. The Adec Synea high-speed handpiece has the following features:

- Smaller mini-head (10 mm diameter) for an exceptional view
- Advanced LED lighting that lasts up to 10 times longer than halogen bulbs
- Lightweight at only 40 g (1.4 oz)
- 17 Watts turbine power with quiet operation (59 dBA)
- Penta Spray (5-port) for efficient cooling and a clear view
- Sealed head with push-button chuck
- Smooth-rolling swivel connection (RQ-24 Roto-Quick) for 6-pin tubing
- 45 Psi (3 bar) recommended air pressure

DentalEZ Prophy ★ Star 3 Hygiene Handpiece and Blis-sonic Scaler Hygiene Pack, Plus Case
Value: \$1,134.69

Quantity: 1

Description:

DentalEZ Prophy Star 3 Hygiene Handpiece is ergonomically designed and weighs only 62 g, the new lightweight, anodized aluminum design of the Prophy Star 3 dramatically reduces hand and wrist fatigue while providing superior maneuverability and a natural grip for unparalleled comfort. The Prophy Star 3 is only four inches long and features a 360° swivel for better operation and control. This handpiece is lube free, which also saves time and money.

DentalEZ Blis-sonic Scaler is a portable, air powered sonic scaler that is clinically proven to effectively remove stubborn hard calculus deposits and stains from the tooth surface, while providing an extremely gentle cleaning process for patients. The slim anatomical blueprint of the BlisSonic allows for easier movement in the oral cavity, permitting a

thorough scaling even in tight, hard-to-reach interproximal areas. Sub-gingival and supra-gingival scaling is easily achieved. The BlisSonic comes with 4 removable, ergonomic silicone grips which saves time since it can continue to be in operation while autoclaving the other grips. The scalers come equipped with three exclusive StarDental-patented scaling tips designed to employ a controlled, even water spray, providing a fog-free view and eliminating the unsavory patient “drowning effect” often experienced with other water spray systems.

**Rose Micro Solutions
LED Power Pack Light
Value: \$649.00**

Quantity: 1

Description: The "Power Pack" is a high power LED Light designed for the professional. It is extremely light weight and can be adapted to fit any loupe. The power pack kit includes your light, two (2) rechargeable battery packs, a wall charger and a padded carry case.

**Tetric EvoCeram Cavifil
Assortment Plus Shade Guide Kits
Value: \$263.90**

Quantity: 2 Kits - Each Contains: 40 - Cavifils (0.2g each) Tetric EvoCeram (5 each in shades A1, A2, A3, A3.5, A4, B3, C3, D3) 1 - Tetric EvoCeram shade guide

Description: Direct Composite Technology has Evolved! Tetric Evo Ceram is a light-curing, universal nano-hybrid composite for top quality standard restorations in the anterior and posterior region. Tetric EvoCeram gives you both the ability to contour the material for an extended length of time and fast curing time. A special additive has been incorporated into the photo-initiator system of Tetric EvoCeram causing the material to be less reactive to ambient light (eg, operatory light, etc.), while being highly reactive to curing lights (eg, light in the wavelength range of 400-500 nm).

Tetric Evo Ceram’s benefits include:

- Polymerisation on demand (POD): A long working time, combined with a short curing time
- Natural shade blend: Coordinated light refraction indexes of fillers, monomer matrix and nano-colour pigments
- Proven clinical performance: 85,000,000 restorations have been placed worldwide
